

Are you missing a cat?

A grey cat has been visiting a neighbor on Emerson Road. If it's yours or you know who it belongs to, please contact Emily Kuehn, emily.d.kuehn@gmail.com or 586-904-0100. The cat is currently at her house.

Council restricts Cannabis Outlet Locations

A large turnout from across the county testified at a recent hearing of the County Council against allowing Marijuana dispensaries in highly-populated, high-traffic areas including shopping centers and residential areas. Scores of county residents spoke up about the risks involved due to accidents, as well as the negative impact on desirable business growth and the health risks to youth who could have easy access to the products despite the restriction for those under 21. While a number of applicants who wish to open dispensaries spoke about their desire to make money and get ahead, the council voted 7 to 3 with councilwoman Wala Blegay to relegate dispensaries to industrial zoned areas only.

A Message of Gratitude from a Neighbor

The outbreak of hostilities in nations around the world, and the increase in mass shootings in our own country, are a reminder that freedom and peace are fragile. We can never take them for granted. Building good communities and good families is the bedrock of a strong society.

As we meet with family and friends over the Thanksgiving holiday, let's take some time to express thanks to all those who help us, and to our divine source, the Creator. Anger, hatred and worry cannot overwhelm us when we keep a strong sense of gratitude and when we work to bring benefit to others.

Every day, we see examples of neighbors helping others, and people working hard in their professions and homes. We are grateful to have such a fine community to live in. Thank you for your hard work and service to your families and to our community.
